# NON-CHLORINATED BRAKE CLEANER

PART#	NET WT.	UPC	CASE QTY.
20-BC	14oz/397g	0-32167-20020-7	6
<b>Removes Brake Fluid, Oil and Contaminants</b>			

### DESCRIPTION:

Blaster Non-Chlorinated Brake Cleaner quickly dissolves and flushes away brake fluid, oil, grease and other surface contaminants from brake linings, rotors and drums. Its fast, evaporating formula leaves no residue and improves overall brake performance.

### B'LAST ON:

Brake Linings, Gasket Surfaces, Drums, Rotors

### DIRECTIONS FOR USE:

Shake the can well before using. Hold can 1-2 feet away from surface. Start spraying at the top and move downward to clean brake dust, dirt, brake fluid, grease and other contaminants away from brake components. It is suggested that the can be at room temperature when dispensing.

### SAFETY:

**DANGER! CONTENTS ARE FLAMMABLE:** Do not spray near sparks, heat or open flame. Vapors will accumulate readily and may ignite explosively. Keep area ventilated during use and until all vapors are gone.

### Exposure Symptoms:

**Inhalation:** Move person to fresh air. If breathing is labored, administer oxygen. If symptoms develop, obtain medical attention.

**Skin Contact:** Wash affected skin with soap and water. If symptoms develop, obtain medical attention.

**Eye Contact:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If symptoms occur obtain medical attention.

**Ingestion:** Do not give anything by mouth to an unconscious person. Seek medical treatment.

### TYPICAL PROPERTIES:

**Flash Point:** -17°F (-27°C)

**Density (20°C):** 6.48 lbs/gal

**Specific Gravity (20°C):** 0.78

**Boiling Point:** 133°F (56°C)

**Product Category:** Brake Cleaner

**Body Shop Safe:** Yes

**Base Type:** Acetone

**Appearance:** Clear Colorless

**Spray Pattern:** Stream

**Odor:** Acetone-like

**Temperature Range:** -20 to 130°F

**VOC:** < 10%

**Clean-Procedures:** Wipe with a cloth.
