Lubricates and Protects Garage Door Mechanisms

DESCRIPTION:

B'laster Garage Door Lubricant is a silicone-based lubricant that leaves a tack-free film that won't accumulate dust and dirt. Formulated with a proprietary fluoropolymer to help reduce friction and wear. In some instances, its extreme pressure agents may make it a suitable replacement for grease. It effectively helps stop squeaks associated with garage doors and mechanisms.

B'LAST ON:

All Garage & Overhead Door Mechanisms Including: Rollers, Hinges, Springs, Door Tracks. Also good for: Cables, Bushings, Bearings, Window Tracks, Chains

DIRECTIONS FOR USE:

Shake the can well before using. Consult owner's manuals before use on opener drivers. Spray directly on garage door mechanisms.

Apply regularly to ensure proper protection. It is suggested that the can be at room temperature when dispensing.

SAFETY:

DANGER: CONTENTS ARE FLAMMABLE: Keep spray away from heat, sparks, open flames, pilot lights, etc. Always unplug electrical tools, motors, and appliances before spraying or bringing can near any source of electricity.

Exposure Symptoms:

Inhalation: May cause respiratory tract irritation.

Skin Contact: May cause skin irritation. Symptoms may include redness, drying, defatting and cracking of the skin.

Eye Contact: Causes serious eye damage. Symptoms may include discomfort or pain, excess blinking and tear production, with marked redness and swelling of the conjunctiva. May cause burns.

Ingestion: May be fatal if swallowed and enters airways. This product may be aspirated into the lungs and cause chemical pneumonitis. May cause stomach distress, nausea or vomiting.

TYPICAL PROPERTIES:

Flash Point: 130°F (54°C)

Density (20°C): 6.8 lbs/gal

Specific Gravity (20°C): 0.81

Boiling Point: 360°F (182°C)

Product Category:

Silicone-Based Multi-Purpose Lubricant

Body Shop Safe: No

Base Type: Silicone

Appearance: Clear Colorless

Spray Pattern: Conical (Cone-Shaped)

Odor: Mild Aliphatic

Temperature Range: -20 to 250°F

VOC: < 60%

Clean-Procedures: Use high flash solvent to remove product.
